CONTEMPORARY LUXURY, LEGENDARY HISTORY

Boston's sophisticated waterfront retreat

Along the vibrant harbor front, adjacent to Boston's historic North End, lies Battery Wharf, the city's most exciting new destination. The narrow streets and historic wharves made up Boston's first neighborhood and shaped the early growth of the city. Today, steeped in 300 years of history, warehouses and shipyards have been reborn as residences and restaurants, complete with harbor-side walking paths and new urban parks. The modern shoreline offers an exciting gateway to the city, with immediate access to the Financial District, the Seaport District, Faneuil Hall, Quincy Market and the TD Banknorth Garden — as well as the recently opened Rose Kennedy Greenway and the new Institute of Contemporary Art. In this scenic neighborhood, discover an exclusive waterfront destination: Fairmont Battery Wharf. Set in its own private enclave with harbor views and a landscaped courtyard, this stunning hotel offers guests an urban sanctuary in the heart of the city.

Fairmont Battery Wharf enjoys a waterfront location and offers 150 elegantly appointed guest rooms and suites — including Fairmont Gold. Indulge in fine dining experiences, such as the harbor-side restaurant and lounge, and take advantage of 6,000 square feet (550 square meters) of meeting space, ideal for intimate social gatherings and small corporate groups.
