Did you know.....

....that every ton of recycled office paper saves 380 gallons of oil and 17 trees.

....recycling one aluminum can save enough energy to provide electricity for your television for 3 hours. It takes 95% less energy to make a new aluminum can from used cans than to produce a brand new one.

....employing automatic power management features on your computer and shutting down computers and monitors after work hours cuts energy use by 80%.

All items are priced per person unless otherwise specified. All prices are in U.S. dollars and subject to change.

Prices are subject to 15% Gratuity, 7% Administrative Fee and 7% Mass. Sales Tax.
